Positive Productive People

A Plan for Action and Accountability

Dear Community Services Staff,

The Community Services Department is a great place to work and build a career. It is a Department that is dedicated to serving the public and improving the quality of life for our citizens. We strive to create a work environment that is inclusive, free of bias, promotes professional development, and encourages communication and the positive resolution of conflicts.

I ask you to join me as we continue to promote these values and make them our workplace reality. Each of us play an important role in creating an environment that brings our vision to life.

This booklet lays out our vision and a plan that moves us forward. It is the result of the hard work of staff throughout the Department. I ask each of you to take the time to become familiar with this booklet and, more importantly, to share in the responsibility of making our Department a wonderful place to work, serve our community, and build a career.

As always, thanks for all you do,

Tom Canasi

Positive...Productive... People

We Know We Have Been Successful In Achieving Our Vision —

- When everyone feels they are treated with courtesy and respect.
- When everyone agrees that an open and inclusive environment has been created, and welcomes input from all levels of our organization.
- When everyone agrees that they have direct access to information and are proactively involved in problem resolution and decision making.
- When everyone agrees they have been recognized for their accomplishments and given opportunities to develop professionally.

We Achieve Our Vision When Issues Get Resolved

Resolving Departmental Issues

- We will work together to resolve Departmental issues.
- Staff involved will be representative of various work groups and /or Divisions and will solicit information from the broader work groups as well as keeping everyone informed.

Resolving Interpersonal Issues

- When conflicts arise you will be supported in your effort to resolve issues in a positive and proactive manner.
- We will use the “SOLVE” model of conflict resolution.
- Mediation services will be made available to assist in issue resolution.
- The concept of an “Open Door” will be firmly in place and understood by all.

Vision
